## DV1-2

## ADVANCED FEATURES

**ONE TOUCH RECORDING** While in standby mode or turned off, simply press the record button on the camera to start recording. LED indicators, audio (can be disabled) and vibration alerts will notify you when recording has started or stopped.

**TRUE 1296P HIGH DEFINITION** With the ability to record in crystal clear HD 1296P video, this camera's wide angle view will record every detail.

**EXTENDED BATTERY LIFE** Record for 8 hours on a single charge!

**33 MEGAPIXEL CAMERA** Features a 33MP camera with burst shot options, the built-in memory can store thousands of high quality images instantly. Snap pictures while the camera is recording as well.

**PRE & POST EVENT RECORDING** Allows you to record videos 30 seconds prior or after the point when you press record, so you never miss a moment.

**MULTIPLE NIGHT VISION OPTIONS** Built in dual infrared LED's can be turned on or off with the push of a button. Record up to 30 feet in pitch darkness with the infrareds activated or disable them for covert low light recording while still in night vision mode.

**TIME/DATE/ID STAMP** Date and time stamp option on every video with officer ID, that can't be tampered with. Can also be password protected.

**EXTERNAL CAMERA SUPPORT** Supports an optional 5V external button camera for covert applications or a wide angle lens version for a lower profile setup.

**EXTERNAL VIEWING** The 2" color LCD screen with built in speaker allows you to view video and audio recordings instantly. AV out port and a micro HDMI port allow for viewing data on a larger screen.

**DEVICE LOGGING** When transferring videos, the included files have their own unique device ID, log files, and video/photo files organized into folders so you can easily find the evidence you need!

**WALKIE TALKIE (PTT FUNCTION)** The PTT function with compatible cable allows you to replace your shoulder microphone so you can connect the PatrolEyes HD to your walkie talkie.

**CONTINUOUS/LOOP RECORDING** Seamless recording. Ideal when transitioning from being used as a dash camera to body camera (NOTE: this feature only available when camera has USB mode firmware)

**HEAVY DUTY CASING** Weather resistant and drop proof up to 10 feet!

**GPS (OPTIONAL)** Track GPS locations using the optional adapter and software. GPS coordinates will be embedded onto the video file.

**MULTIPLE FIRMWARE OPTIONS** Allows you to manage your camera in multiple modes. Choose between our password protected version or non-password protected version firmware.

***PatrolEyes delivers superior quality, the longest battery life, and the most features at half the cost!***

## SC-DV7

***PatrolEyes delivers superior quality, the longest battery life,  
and the most features at half the cost!***

## ADVANCED FEATURES

**ONE TOUCH RECORDING** While in standby mode or turned off, simply press the record button on the camera to start recording (when record mode is set to auto). LED indicators and audio alerts (can be disabled) will notify you when recording has started or stopped.

**1296P HIGH DEFINITION** The SC-DV7 allows you to record in up to 1296p HD, as well as 1080p in up to 45fps and 720p in up to 60fps. Paired with the camera's wide angle view, you will capture every detail.

**EXTENDED BATTERY LIFE** Record for 6.5 hours in full 1080p resolution on a single charge!

**32 MEGAPIXEL CAMERA** Features a 32MP camera with a burst shot option of 5, 10, or 20 photos, the built-in memory can store thousands of high quality images instantly. Snap pictures while the camera is recording as well.

**PRE AND POST EVENT RECORDING** Allows you to record videos up to 1 minute prior or 10 seconds after the point when you press record, so you never miss a moment.

**MULTIPLE NIGHT VISION OPTIONS** Built in infrared LEDs can be turned on or off with the push of a button. Record up to 30 feet in pitch black with the infrareds activated or disable them for covert low light recording while still in night vision mode.

**MULTIPLE FIRMWARE OPTIONS** Allows you to manage your camera in multiple modes-- choose between our password protected version or non-password protected version firmware.

**MOTION DETECTION RECORDING** Allows for recording whenever the camera detects motion so you never miss the action.

**WIRELESS REMOTE CONTROL** Allows for recording audio and video or taking photos without ever needing to touch the camera. Remote has 3 easy to use buttons and a key ring for easy mounting to your belt or keys.

**INCLUDED CHARGING STATION** The drop-in charging station allows for easy charging of the camera.

**TIME / DATE / ID STAMP** Date and time stamp option on every video with officer ID, which can't be tampered with. Can also be password protected.

**EXTERNAL VIEWING** The 2.5" color LCD screen with built in speaker allows you to view video and audio recordings instantly. AV out port and a micro HDMI port allow for viewing data on a larger screen.

**DEVICE LOGGING** When transferring videos the included files have their own unique device ID, log files, and video/photo files organized into folders so you can easily find the evidence you need!

**WALKIE TALKIE (PTT FUNCTION)** The PTT function with compatible cable allows you to replace your shoulder microphone so you can connect the PatrolEyes HD to your walkie talkie. View our list of PTT walkie talkie compatible models.

**HEAVY DUTY CASING** Waterproof up to 3 feet and drop proof up to 6 feet!

# Accessories · Software · Add-ons

## Drop Lock Mount

This quick release clip mounting system will ensure your PatrolEyes police body camera stays exactly where you put it! Light weight and simple to use, a user can quickly lock in or release the PatrolEyes body camera from the mount that is securely attached to your uniform or molle mount.

## Epaulette Mount

This sturdy leather epaulette shoulder mount connects seamlessly to your PatrolEyes camera using the camera's built in mounting system. This mount is not only tough, but is very reliable. With this mount you can be sure you capture the footage you need.

## Magnet Mount Clip

Make sure that you will not lose your camera in a scuffle! With heavy duty magnets, just replace the original alligator clip with the new modified magnet mount clip. The magnets on the back of the clip attach to a magnet strip inside your vest that securely attaches your camera to your vest.

## Covert Button Camera

This is a 65° narrow field of view button camera kit for PatrolEyes cameras. Includes 4 different size buttons that will easily fit on the camera. Also includes buttons for your shirt.

## Lanyard

This is a lanyard for your PatrolEyes camera to securely attach it to your uniform or vest.

## Suction Cup Mount

This powerful suction pad attaches to any smooth, flat non-porous surface! The mount is heavy duty and has a full range of motion. It is made of hard plastic, and is easy to install! The mount slides into the existing clip mechanism.

## Carrying Case

Use this carrying case to protect and carry your PatrolEyes camera while not in use. Works with all of the full size PatrolEyes cameras.

## 8 Camera Docking Station

The PatrolEyes docking station can charge and transfer data from up to 8 cameras simultaneously. Using the PatrolEyes Digital Evidence Management Software (DEMS) and docking station you can automatically upload all files to a PC or the PatrolEyes cloud with one click! Once the files are successfully transferred, DEMS will automatically delete all the files off the device. The docking station saves you valuable time and resources.

## Chest Harness Mount

This chest harness mounting system will ensure your PatrolEyes camera stays exactly where you put it! Quickly strap this mount around your chest and shoulders to catch all of the activity in front of you. Simply screw the body camera adapter to the chest mount screw and your camera will be securely attached.

## Removable Battery

Use this battery for your PatrolEyes to keep you recording for several more hours!

## Wide Angle Camera

This camera is perfect for officers who prefer to wear a lightweight camera and attach the PatrolEyes body camera to their belt instead. The camera has a 120° wide angle field of view which allows you to capture what you would normally see.

## Metal Alligator Clip

This is an original replacement metal alligator clip for your PatrolEyes camera.

## Tripod Adapter

This 1/4" thread adapter is designed specifically for our PatrolEyes body cameras. The adapter attaches to the camera's built in mount system and can then be threaded onto anything with a 1/4" bolt.

## Protection Plus Program

Before you drop, scratch, damage, spill on, or break a button - get the PatrolEyes Protection Plus Program. With full coverage for issues with your camera such as electrical malfunctions, broken zoom or SD card reader failure, you are fully covered. With our coverage, your camera is protected for accidents caused by you or others. We will repair your PatrolEyes camera within 5 business days.

## PatrolEyes Automatic Video Redaction Software

Our PatrolEyes video redaction software is the fastest redaction software out there! With our simple web interface and automatic face detection our software will save you hours of time. No more need to go through videos frame by frame and apply a crude black box. Our professional software is compatible with all major file formats! Simply upload your file to the website, select face detection and let the software do the rest! You can also select an object such as a credit card, license plate or sign in the video and our software will select and follow that object. Body redaction is also available that will automatically detect a person and redact the whole person. Audio redaction is also possible and easy. Contact us for a free demo.

# Digital Evidence Management Software

PE-DEMS

PatrolEyes DEMS (Digital Evidence Management Software) is a complete solution to asset management. Simply connect your camera to your PC and the software will do the rest! DEMS will automatically upload and remove the footage from the camera to either your local storage server or a remote storage location. The software allows you to add tags, comments and assign categories to the files and even mark files with an importance rating. DEMS has an advanced permission system to only allow certain users to upload, view, export, or delete data.

## Features

### Compatible with all PatrolEyes cameras

Works with all of our PatrolEyes cameras both new and old.

### Advanced user permissions

Manage multiple users with our advanced permission system. Limit users access to sensitive data and only allow certain users to export evidence and much more.

### Upload from multiple cameras simultaneously

Depending on your plan you can upload up to 20 cameras simultaneously.

### Local storage

Use your own local storage server to store your data.

### Chain of custody

Knowing who accessed what data and when is important. That's why every action is logged!

### Custom data retention periods

Custom data retention periods help ensure that you optimize storage space but that important files are kept safe.

## Software Plans

### Basic:

- 1 software license key
- 90 days of technical support
- Connect up to 4 cameras for simultaneous transfer of data

### Advanced:

- 1 software license key plus all future updates
- Unlimited technical support
- Connect up to 20 cameras for simultaneous data transfer

### Enterprise:

- 1 software license key plus all future updates
- Unlimited technical support
- Connect up to 20 cameras for simultaneous data transfer
- Includes our advanced web server platform allowing officers to login via a web browser to remotely manage their evidence from their work stations

# ADVANCED CLOUD STORAGE

**PE-CLOUD**

## • **Unlimited File Storage**

Unlimited file storage for all of your body camera footage and evidence.

## • **Secure Storage and Transfer**

Using TLS 1.2 and AES encryption we are able ensure your data is safe and can never be viewed without the proper authorization. Our solution is completely CJIS compliant.

## • **Advanced Data Management**

Assign case IDs, tags and descriptions to any file. Data can be searched by file name, officer, case ID, custom tags and keywords.

## • **Evidence Redaction**

Our built-in redaction platform features automatic detection and redaction of faces or objects from video files.

## • **Advanced User Permissions**

Multiple user types with customizable permissions allows for the flexibility of users managing their own evidence, while keeping the evidence in a clear chain of custody without the fear of deletion.

## • **Upload from Multiple Locations**

Upload evidence from a PC or your squad car using WiFi or your 4G cellular service.

## • **Secure File Sharing**

Share evidence with your colleagues easily and securely using the built in sharing system.

## • **File Verification**

Our system analyzes each file that is uploaded and assigns a unique SHA256 to allow users to compare file authenticity in case of attempted evidence tampering.

## • **Retention and Automatic File Deletion**

Our system allows you to mark files that will need to be held for a custom set amount of time otherwise after a custom set time the files will be automatically removed.

## • **Compatible with all PatrolEyes cameras**

Works with all of our PatrolEyes cameras both new and old.

## **Includes:**

- Pricing includes 24/7 support
- Biweekly feature releases
- Unlimited storage

**SECURE**

**SIMPLE**

**SMART**
