DOCKING STATION

The docking station can charge and transfer data from up to 8 cameras simultaneously. Save time by connecting 1 USB cable to the docking station and transferring all footage to one PC, external hard drive or the PatrolEyes cloud. When transferring videos the included files have their own unique device ID, log files, and video/photo files organized into folders so you can easily find the evidence you need!

DEVICE MANAGEMENT

Manage your cameras the way you want to! Allow users to easily transfer data via the USB connection or lock down the device with password protection. The PatrolEyes creates file logs automatically to track every action.

CLOUD STORAGE

We offer the most secure cloud storage for your important files. Contact us for plans and pricing.
